Net weight:  
1 kg (2.2 lb)

LET YOUR GROUND WORK™

# Rootella G<sup>TM</sup>

## PRODUCT APPLICATION

### Applicable Crops

Nursery and horticulture crops such as vegetables, herbs, and cut flowers.

Rootella G<sup>TM</sup> will not colonize roots of the *Brassicaceae* (canola, mustard) and *Chenopodiaceae* (spinach, beets) plant families. For more information, please see Rootella<sup>TM</sup> applicable crop document <https://rootella.com/crops.pdf>.

### Application Rate

Cell or container volume	Quantity of product to add to m <sup>3</sup> of media	Quantity of product to add to ft <sup>3</sup> of media
20 ml and less	12 kg	12 oz
20-50 ml	9 kg	9 oz
50-200 ml	4 kg	4 oz
200-500 ml	1.5 kg	1.5 oz
500 ml and more	1 kg	1 oz

### Application Method

1. Mix Rootella G<sup>TM</sup> with growing media according to application rate table above. Start with small amount, add gradually, and blend until uniform.
2. Fill seedling trays and continue according to standard growing protocol.

## PRODUCT COMPOSITION

### GUARANTEED MINIMUM ANALYSIS

*Glomus intraradices*..... 2,500 propagules/gr  
(70,870 propagules/oz)

## STORAGE

For best results, store between 5-25°C (40-77°F) in a dark place, protected from direct sunlight or heat. Do not refrigerate or freeze.

## TERMS OF USE

Any reproduction, breeding, transformation or reverse engineering is prohibited. Product embodies proprietary information and may be used only for agricultural purposes. Limitation of Liability: The mycorrhizal inoculant is sensitive to environmental conditions and Groundwork BioAg Ltd. is unable to make any warranties with respect to its performance. Groundwork BioAg Ltd. is not responsible for the use or misuse of this product. Liability is limited to the amount paid for the product (excluding shipping costs). Use only as directed. If you have any difficulty in the use of the product, please contact us at: [info@rootella.com](mailto:info@rootella.com).

## WARNING

**Do not inhale.**

Long term exposure to any respirable mineral dust could cause slight effects on the respiratory system. Keep bag tightly sealed after use.

**IF INHALED:** Move to dust-free fresh air. If respiratory distress develops, seek medical attention. See Safety Data Sheet for further details regarding safe use of this product.

## USAGE

**IMPORTANT** Avoid use of systemic fungicides, as these may kill mycorrhizal fungi. Non-systemic or foliar fungicides and fungicidal seed treatments are mostly compatible. See Rootella<sup>TM</sup> Compatibility Tool on website for more information.

Minimize use of starter phosphorus fertilizer to enhance mycorrhizae.
